One School, One Future... Charting ESA's Course

Every day ESA parents, grandparents and friends are putting more oars in the water and we're moving ahead!

Help us go the distance! Click here to make your contribution to ESA's One School, One Future Capital Campaign.

Announcements

- If you elected to pay for **hot lunch** in two installments, the spring payment of \$420 is due January 4. The rate for Seniors is \$354. [Click here](#) to access the Hot Lunch Form.
- The last day of the **Change for Miles** drive is this Wednesday, Dec. 16. Empty your pockets and penny jars!

Right: Studying marsupials, PreK-4 students made and wore "opossum pockets" to experience life with a pouch.

Above left: Congratulations to fifth grade teacher Deb Cochran, who found out this week that she is one of 16 finalists for the Lafayette Education Foundation Teacher Award. We already know she's amazing!

Mr. Melton's 7th grade math students designed and built containers to hold an exact volume using the least amount of surface area possible. Containers ranged from shoebox lid to half-sphere.
